## P R E F A C E

'Education in India' is brought out annually by the Ministry of Education and Social Welfare. This publication gives detailed statewise statistics, besides giving a brief survey of the educational activities in the country during the year under report. This publication is in the series and relates to 1974-75.

Since the Third Educational Survey was conducted during 1973-74, it was decided to utilise the data contained in the Survey for the compilation of 1973-74 edition of this publication. The detailed reports of the Survey are, however, not yet published. But in the meantime, the final data for 1974-75 has become available and it has been decided to bring out this edition of the publication.

The present edition is in the series commencing from 1971-72 and is in abridged form with a view to bring these reports upto date.

It is hoped that this publication would be of use to educationists, planners and research workers in the field of education.

The Ministry of Education and Social Welfare express their thanks to the State Governments for the cooperation extended by them to this Ministry in the expeditious collection of the data required for this publication.

## EXPLANATION

**1. Academic Year** :—For the sake of uniformity, the academic year in these tables is taken to coincide with the financial year i.e. from 1st April, 1974 to 31st March, 1975.

**2. All statistics refer to recognised institutions only.** The recognised institutions are those in which the courses of study followed are prescribed or recognised by the Government or by a Board of Secondary and Intermediate Education constituted by law and which satisfy one or more of these authorities, as the case may be, that they attain to a reasonable standard of efficiency. They are open to inspection and their pupils are ordinarily eligible for admission to public examinations and tests held by the Government or the University or the Board.

**3. Institutions, Enrolment & Teachers** :—Figures regarding number of institutions, enrolment and teachers relate to 31st March of the year.

**4. Expenditure** :—In calculating the expenditure from Government all payments or contributions from fees and other sources which are credited to such funds, are deducted. The expenditure figures cover the financial year.

## GENERAL SURVEY

During 1974-75, the Central and State Governments continued to expand their activities for the development of education in their respective spheres. This being the first year of the Fifth Five Year Plan, plan programmes were reviewed and formulated on the basis of the directions and priorities laid down by the Central Advisory Board of Education in its 37th meeting held on 4th November, 1974. Among other things, the Board recommended priorities for the programmes of Universalisation of Elementary Education, Adoption of uniform pattern of 10+2, Vocationalisation of Secondary Education, Qualitative Improvements, Development of Youth Services, comprehensive programme of Non-formal Education for adults in the age-group 15-25, adopting multiple entry and programme of part-time education on a bigger scale and developing part-time and correspondence courses at the secondary and university stages. The Board also recommended rationalisation of existing institutions of secondary and higher education with a view to controlling haphazard and unplanned expansion, maintenance of proper standards and regulation of growth of enrolment, and restraints in the establishment of new universities and colleges.

2. Out of the Fifth Plan allocation of Rs. 1,285.00 crores for education, a plan provision of Rs. 184.77 crores was approved by the Planning Commission for the year 1974-75. Out of this, Rs. 60.07 crores was in the central sector and Rs. 124.70 crores for the State's sector.

3. A brief account of the main activities in the various sectors of education during the year under report is given in the following paragraphs :

### *Elementary Education :*

(i) The enrolment drives were intensified during the year with a view to achieve the target of universalisation of elementary education in various states for the children of the age-group 6-14. Schools were established in school-less habitations and additional teachers were provided to cater to the needs of additional children brought into the schooling system as a part of the campaign towards 'Universalisation of Elementary Education'.

(ii) Under the programme of 'Qualitative Improvements', teachers were provided with orientation courses with regard to the new techniques of teaching by the National Council of Educational Research and Training (NCERT). Besides, orientation courses for inspecting and supervisory officers of the Bihar States was organised.

(iii) During the year under report, a Central Curriculum Development Unit was set up in NCERT to act as a coordinating unit and technical agency for preparing guidelines for curricula and preparation of instructional materials, educational packages etc.

### *Secondary Education :*

(i) The Central Advisory Board of Education took an important decision to implement the new structure of secondary education w.e.f. May, 1975. As a follow up action, a special Working Group was set up to prepare a scheme of studies for classes IX to XII, which was finalised during the year under review. This scheme, besides aiming at improving the quality of courses for these classes, provides for a balanced growth of students, the expansion of the sphere of knowledge and the study of languages according to 3-language formula. Besides regular subjects provision was made for work experience, health education and community services.

(ii) The Central Advisory Board of Education at its meeting held in October, 1974 expressed the following views with regard to the composition of the new system of education :-

"The school stage should necessarily cover a period of 12 years and should preferably be divided into 10+2. At the under graduate stage, we may have a pass course of 2 years and an honours course of 3 years. Post Graduate courses should cover a period of 2 years after the Honours degree. The Research degree should take 3 or more years after the Master's Degree"

(iii) In addition to the states of Andhra Pradesh, Karnataka and Kerala, which had already a pattern of 10+2+3, the States of Assam, Gujarat, Jammu & Kashmir, Maharashtra, West Bengal and Goa, Daman & Diu also decided to introduce this pattern. Uttar Pradesh had already in operation the 12 years system of secondary education and it had only to adjust the curriculum to fit into the recommended pattern. All the schools of the Union Territories of A & N Islands, Arunachal Pradesh, Chandigarh, Delhi and Lakshadweep, which were affiliated to the Central Board of Secondary Education, decided to introduce the new pattern of 10+2 from the academic session beginning from May, 1975. Steps were taken by various states for the introduction of the new syllabus and curriculum and for conducting orientation and content courses for secondary teachers in Science and Mathematics as a follow up of the introduction of the new pattern.

(iv) The Central Ministry of Education prepared a scheme of 'Vocationalisation of Higher Secondary Education' to be implemented in the Fifth Plan in selected higher secondary schools and steps were taken in this direction by the States of Assam, Gujarat and Rajasthan.

(v) The recently launched Educational Technology Project, both at the Central and State level designed to stimulate and promote integrated use of mass media and instructional technology at all levels of education, including non-formal education of the adults and thereby achieving a qualitative improvement, made considerable headway during the year. The Education Technology Cell tried to ensure the utilisation of educational television programme which was started in June, 1974, on a thrice-weekly basis by circulating guidelines to 564 secondary schools in Bombay and Pune. Educational Technology Cells were also set up in the States of Rajasthan, Andhra Pradesh and Orissa, in addition to Maharashtra.

It however, did not accept the recommendation of the Committee to the effect that at the university level co-education should be the general policy and opening of new colleges exclusively for girls should be discouraged. The Council felt that the implementation of this recommendation might adversely effect the progress of women's education. The recommendations made by the National Council were sent to all State Governments and Union Territory administrations for taking necessary action.
